The X-PANDA Wheel is designed for both commercial and personal use. The wheel is designed in such a way that belts can easily be changed depending on the job at hand. The X-PANDA wheel can be used on all types of metals and wood:

- ✔ Grind welds on all types of steel and aluminum
- ✔ Grind and sand rough surfaces and edges on steel, aluminum, wood, plastic and fiberglass materials
- ✔ Sharpen lawn mower blades
- ✔ Sharpen knives, axes, chisels and hooks
- ✔ Ferrier industry both in the United States and abroad
- ✔ Pine Wood Derby cars
